# A DIRECTORY OF THE COMMUNITY IN OUR SESQUICENTENNIAL YEAR

The Chamber of Commerce chose to produce a directory of the City of Momence and our surrounding area as one of their contributions to the Sesquicentennial. It is our purpose to make this a functional and useful listing of Momence; its residents; government; businesses; churches; and organizations for immediate use and as a souvenir of Momence and its history at a later date.

## OUR BEGINNINGS

The first permanent residents of the Momence area were two fur traders Noel Le Vasseur and Gurdon Hubbard, who came from Quebec. In 1816, they built the first real house, a log cabin which served as a warehouse for furs and trading with the Indians. Furs were taken from Momence to the old Fort Dearborn via the Hubbard Trail, the shortest and most direct route, which in 1830 the Illinois Legislature chose to designate the first state road in Illinois.

It is said the name of Momence was derived from the Pottawatomie Chief Momenza. The site of the present day Momence was home to the St. Joseph's Band of Pottawatomie along with other villages along the banks of the Kankakee. Shabona and Pontiac also knew the area well. In 1839 the U.S. Government moved the Indians to Iowa, but many returned in summers to fish and hunt and to visit their white friends along the Kankakee and its marshes.

Momence was first a frontier settlement a mile east of the present site of the town. Rock ledges here offered a natural ford and safe crossing of the Kankakee. The Upper Crossing became the location of the first Post Office, stores and cabins. As this early settlement grew, it spread westward with the Lower Crossing at the present site of the town becoming the main hub of activity. Stores sprang up, the saw mill buzzed, and the blacksmith was busy. Today Momence retains much of its early flavor and the atmosphere of a river town. The business district has preserved Victorian, red brick buildings with arched windows typical of the 1870's and '80's. More permanent houses were built, reflecting the Eastern tastes of the early builders.

The Kankakee, one of the most beautiful rivers in Illinois, has influenced the life of Momence. In days before bridges, the crossings attracted commerce and settlement. The Kankakee (meaning the wonderful land to the Indians) brought hard working immigrants who transformed that land into some of

the most productive agricultural land on earth. Island Park has provided nearly a century and a half of recreation for the people of the area and for visitors from Chicago.

In our 150th year, Momence is renewing its knowledge of its heritage. Pioneer activities and costumes are evident in the Sesquicentennial celebration. Conrad Park, dedicated during the Sesquicentennial, is a tribute to the life of the pioneers who came to call Momence home. A log cabin, built with volunteer labor of many residents and furnished with mementos of a style of life which has long since vanished, is the center of the park. The park is on the former site of the Conrad Bakery on the Island. The oldest one-room schoolhouse in Kankakee County has been moved into Momence. Now located on the grounds of Range School, this brick, "little Red Schoolhouse" has become a museum and tribute to early education on the prairie.

In September, the Sesquicentennial celebrations will conclude. Momence will return to what it has always been to us, its present citizens, a vital community of interesting people. The tree-lined streets; the charming houses; the friendly neighbors have all benefited by renewing our heritage and celebrating our present. This directory is intended to document our present for the reference of our present residents and to welcome newcomers to Momence.

## A NOTE ABOUT THE DIRECTORY

In many respects this directory is an experiment and a first for Momence, at least since the days when phone books were for a single community. We used as our primary source of information the 1984 phone listings for the 472-exchange, updating and correcting the most obvious errors. Although people in other telephone exchanges may identify Momence as home, it was impossible to include them in the directory. For those who have unlisted numbers, we respected your privacy. In spite of the fact that many eyes have scanned the phone book and checked our directory, there is no way we can guarantee this directory is completely exhaustive or 100 percent accurate. People are continually moving into and out of our community. As of August 1984, Momence has 291 business listings and over 2000 residential listings. These are about evenly split between the City of Momence and the two Townships, Momence and the western portion of Ganeer.

The purpose of the Chamber of Commerce is to help the community environment. Over the years, since its beginning in 1939, this has included the encouragement of new business, community improvement, and personal structuring. In 1944, the concern was to rehabilitate returning businessmen from World War II, and the first farmer-business banquet was held to honor community farmers. The organization kept pace with progress and in 1948, women attended for the first time, and in 1950 had its first woman officer. It had a part in 1953 to secure new sodium-vapor lights, organize a zoning board, and help buy new school band uniforms. A brochure was created in 1961 to encourage industry and business to locate in Momence, and in 1962, opened a headquarters. The first woman President was Ann Miccio in 1976. That was a bicentennial year and new city signs, maps, and brochures were printed.

Other examples are many and we are proud of the range of services and projects the Chamber of Commerce has felt important to promote.

## MOMENCE GLADIOLUS FESTIVAL ASSN.

"The first gladiolus to be grown, started in 1909 when C.D. Claussen of Chicago, who had a pickle factory in Wichert, IL, was growing a few glads in his Chicago home. A.P. Bonvallet saw their commercial value and placed in cultivation about one-quarter of an acre." In 1934, an all-floral float entirely of gladiolus was created for the centennial. A few community members started thinking and in 1938 the first festival was given, and 1939 the association was formed. Each year thereafter, with the exception of the war years, 1942-1946, a festival was held! Ideas flowed. A queen has reigned since 1938. A princess was added in 1949. The flower show, drum and bugle corps competition, old car show, and flea markets became established events. The members of the 1984 Festival Association are interested community members. Mrs. Ova Parish has been President since 1965. Vice presidents are Arthur Schaafsma and Jack Willis, Secretary is Roger Elliott and Treasurer is Garry Hunte.

## Families of Momence by Areas

Momence has been separated into areas for the listing. The areas are: Downtown Neighbors, Neighbors east of Dixie Highway, Neighbors on the Island, Neighbors on the West Side, Neighbors South of the Kankakee, and Neighbors in Ganeer and Momence Townships.

Within each area, streets are listed alphabetical-ly and families are listed by number within that area.

Every effort was made to make this listing inclusive of all families of Momence in 1984. However it was limited to the Momence phone numbers and some families loyal to Momence are regrettably omitted.
